Fear not I AM is with you!

When the world wears you out I am your strength. When the world weighs you down I am your peace. When you lose your way I am your shepherd. When your enemies surround you I am your victory. When darkness encompasses you I am your light. When the whole world turns against you I am your comforter. I am what you need me to be when you need me to be it. When you are closed in and cannot find your way out I make a way where there seems to be no way. I am the one who makes a way in the wilderness and streams to flow in the desert. I am the God of the impossible situations in your life. Nothing is impossible for me. My power is limitless; my majesty outshines the brightest of stars. I am a Father, a husband, a farmer, a warrior, a priest, a brother. There is no one who has your best interest at heart like me. My plans are for your prosperity and not for your demise. None can rescue from my hand and none can keep my own in bondage indefinitely. However, note this, there is a time and a season for everything under heaven. Nothing occurs here on earth that is considered a surprise. I am a God of order, restraint and forethought. My plans are perfect and I make order out of chaos. I upend the plans of the enemy for the good of my people. What he means for harm I turn it into

good for the sake of my people for I am good and I cannot deny who I am. Children do not be fearful of the things that are coming upon the earth. Yes they will be fearful sights and the enemy wishes to use them to bring fear upon your hearts but you must remember I am not the author of fear. My judgments are meant to draw my people closer to me and to cause those who do not know me to seek me but Satan's plan are for the fearful subjugation of man to his evil will. My children do not despair for your God is an awesome God and in me there is no failure or defeat. I have raised a banner of victory over you the victory that I won for you from the foundation of the earth and was manifested on Calvary's cross. Yes evil will have its day but my glory does and will far surpass that which the enemy has planned for you. Be at peace your God is in control.

Selah.
